

The Time Is Now

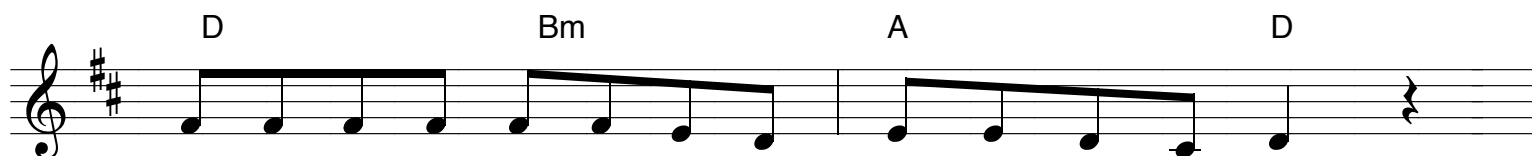

Music and lyrics by Jim Manley

1. Hear the sound of glac-iers crack-ing fall - ing to the warm-ing sea
 2. See the spe-cies fast de - clin - ing, lost for - ev - er to our greed
 3. Stop our fos - sil fuel pol - lu - tion spew - ing car - bons to the skies

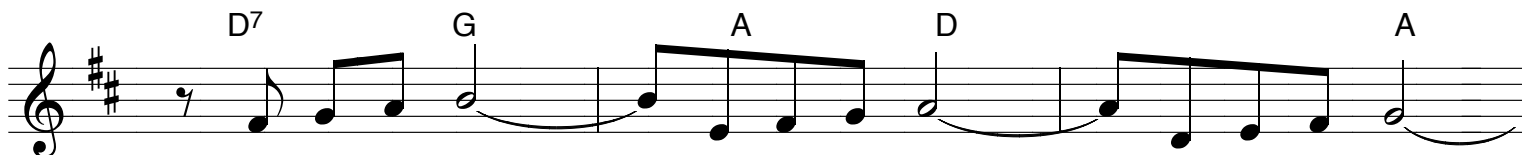

Feel the tem - pera - ture a - ris - ing, no more time for com - pro - mis - ing
 No time left for tem - por - i - zing, soft - ly sen - ti - men - tal - i - zing
 Seek al - ter - na - tive so - lu - tions, lob - by hard our in - sti - tu - tions

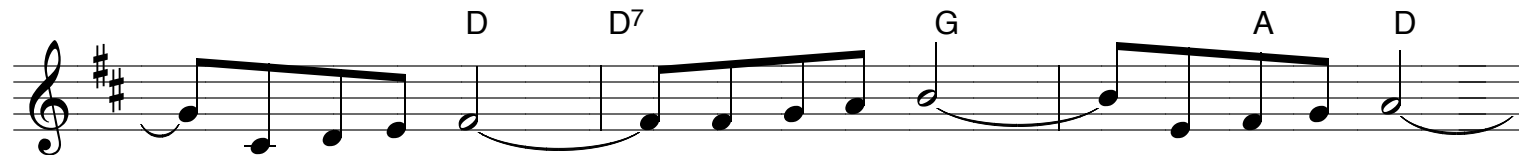

End - less da - ta an - a - lyz - ing, what more do we need?
 Time for ho - ly or - gan - i - zing, truth put in - to deed.
 Risk - ing our own re - vol - u - tions as we change our lives.

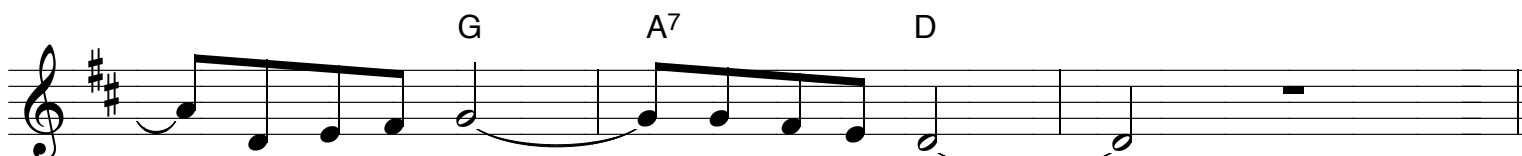

Chorus

The time is now, The day is here The earthcries out,

The choice is clear A time for change, It's not too late

Cre - a - tor calls Cre - a - tion waits.
